1 Definitions

1.1 'Safeguarding' is defined in **Keeping Children Safe in Education (2026)** as;

- Providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment; **whether that is within or outside the home, including online**
- preventing the impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, stepparents and foster carers.

1.5 'Staff' or 'members of staff' refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of St John Henry Newman Catholic School.

1.6 Within this policy, we use the term 'victim', although it is recognised that not everyone subjected to abuse would consider themselves to be a victim or would want to be described in this way. We also recognise the importance of not using the terminology of 'perpetrator' in relation to children in cases where the behaviour can be harmful to both parties. The appropriate use of terminology will be determined on a case-by-case basis.

2 Introduction

2.1 We recognise that safeguarding, child protection, and promoting the welfare of children is an essential part of our duty of care to all students. As such, all staff and governors have a responsibility to provide a safe environment in which children can learn. We understand that safeguarding, child protection and promoting the welfare of all children is a "shared" responsibility and that everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider what is in the best interests of each child in line and upholding the Human Rights Act 1998 and Equality Act 2010.

2.2 The purpose of this policy is to;

- Promote safeguarding and child protection and to demonstrate St John Henry Newman Catholic School's commitment to keeping children safe;
- Provide all members of staff with the information required to meet their safeguarding duty and protect children from harm;
- Provide stakeholders with clear information relating to St John Henry Newman Catholic School's safeguarding and child protection procedures;
- Ensure that staff understand, can recognise and can respond to the indicators of abuse, exploitation or neglect;
- Ensure that all staff are aware of their mandatory reporting duty in relation to Section 5B of the Female Genital Mutilation Act 2003; and
- Ensure that children are protected from maltreatment or harm.

2.3 St John Henry Newman Catholic School is committed to the following principles;

- All children have the right to be protected from harm.

- Children should feel safe and secure and cannot learn unless they do so.
- All staff are responsible for keeping children safe and have a responsibility to act if they think a child is at risk of harm.
- All staff take on a responsibility to promote children's welfare
- Providing support to families and/or children as soon as a problem emerges is essential to improving outcomes for children and families.

2.4 Safeguarding aims

2.4.1 The safeguarding aims of St John Henry Newman Catholic School, in line with Keeping Children Safe in Education (**September 2026**) are to;

- work to identify children who are suffering or likely to suffer abuse, exploitation or neglect and act to protect them;
- work with relevant services and agencies to ensure that children are protected from harm;
- provide a learning environment for children which is safe and secure;
- teach children how to keep themselves safe and provide structures for them to raise concerns if they are worried or at risk of harm;
- support children's mental health and wellbeing;
- ensure that we adhere to safer recruitment guidance and legislation, deal promptly with allegations of abuse against staff and take bullying and harassment seriously;
- train staff effectively in all safeguarding issues (including online safety) and in their responsibilities for identifying and protecting children that are or may be at risk of harm;

2.7 Please note that there are a number of other documents (statutory and non-statutory) that inform our policy and practice. A list of these can be found in **Annex A of Keeping Children Safe in Education (September 2026)**.

3.6.4 The Coventry Safeguarding Children Partnership (CSCP) have designated that schools and colleges are a named 'relevant agency'. As such, the school is under a statutory duty to co-operate with published CSCP arrangements.

4 Types of abuse, Neglect and Exploitation

4.1 As outlined above, all staff will be trained in indicators of abuse, exploitation and neglect and should be able to recognise signs of these. We recognise that abuse, exploitation and neglect along with other safeguarding issues are complex and often multidimensional and therefore don't fall solely under one category. Types of abuse or harm can take many forms including directly inflicting harm on a child or failing to protect a child from harm online as well as face to face both inside and outside of the school/college, including the multi-faceted occurrence of factors causing emotional harm. In many cases, abuse and other safeguarding risks occur concurrently both online and offline. We understand that children may experience multiple and overlapping forms of abuse at the same time. These harms can be interconnected, with abuse in one context increasing vulnerability to abuse in another.

The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;

- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Keeping Children Safe in Education, 2026)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
Sexual abuse	<p>Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or penetration with an object) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.</p> <p>The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of this and of the school's policy and procedures for dealing with this.</p>
Neglect	The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a

	parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
--	--

4.3 Indicators of abuse can be found in **Appendix A**.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's services (through the Children and families initial response team) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should always be available or appropriate cover arrangements in place, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from Children's Service and take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 The school recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child;

- is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- Has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in alternative provision or a pupil referral unit
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;
- is a risk of modern slavery, trafficking, sexual or criminal exploitation;
- is misusing drugs or alcohol themselves;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is at risk of 'honour-based' abuse such as Female Genital Mutilation or Forced Marriage;
- is persistently absent from education, including persistent absences for part of the school day.
- is a privately fostered child.

4.7 St John Henry Newman Catholic School recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if the school believes that a child is at risk of or is the victim of;

- bullying, including cyberbullying, prejudice based and discriminatory
- child criminal exploitation and sexual exploitation including involvement in county lines);
- domestic abuse;

- emotional abuse;
- fabricated or induced illness;
- faith-based abuse;
- female genital mutilation;
- forced marriage;
- gangs or youth violence;
- gender-based violence;
- hate;
- mental health;
- neglect;
- peer on peer abuse;
- physical abuse;
- radicalisation;
- relationship abuse;
- serious violence and harassment;
- Harmful sexual behaviour
- sexual abuse;
- sexual violence or sexual harassment (including peer on peer abuse);
- sharing of consensual or non-consensual nude and semi-nude images/videos;
- So-called 'honour-based' abuse;
- trafficking and modern slavery.

4.8 St John Henry Newman Catholic School will also take action to protect;

- Children missing education;
- Children missing from home or care.

4.8.1 There are several circumstances that may have a detrimental impact on a child's welfare, safety and educational outcomes. We work with other agencies in line with Keeping Children Safe in Education (2026) to support children and families in the following circumstances;

- Children facing the court procedures and/or children in the court system;
- Children with family members in prison;
- Children who are homeless;
- Children who need, or have a social worker.

4.9 Children potentially at greater risk of harm

4.9.1 St John Henry Newman Catholic School recognises that some children need a social worker due to abuse, neglect or complex family circumstances and that abuse and trauma can leave children vulnerable to further harm, as well as educational disadvantage.

4.9.2 The Designated Safeguarding Lead will hold information relating to social workers working with children in the school.

4.9.3 This information will inform decisions about safeguarding and promoting welfare (including the provision of pastoral and/or academic support).

4.10 Children absent from Education

4.10.1 St John Henry Newman Catholic School understands that children being absent from education for prolonged periods and/or repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and criminal exploitation – particularly county lines.

4.10.2 St John Henry Newman Catholic School will report information to the Local Authority when problems are first emerging and if there is a need for the removal of a child from roll.

4.11 Elective Home Education

4.11.1 St John Henry Newman Catholic School recognises that many home educated children have a positive learning experience and the decision is one with the child's best interests at heart however elective home education can mean that some children are not in receipt of suitable education.

4.11.2 Since 2016, St John Henry Newman Catholic School has had a statutory duty to inform the Local Authority of all deletions from roll. When Elective Home Education is the reason for this removal, the Local authority and other key professionals will work alongside St John Henry Newman Catholic School to coordinate a meeting with parents where possible ideally before a final decision is made.

4.12 Children requiring Mental Health support

4.12.1 St John Henry Newman Catholic School recognises that safeguarding and promoting the welfare of children includes preventing the impairment of children's mental health or development. We understand that positive mental health is an integral part of a child's overall wellbeing, development and safety whilst at school.

4.12.2 All staff will be aware that mental health problems may be an indicator that a child has suffered, is suffering, or is at risk of suffering abuse, neglect, exploitation or other adverse childhood experiences. Staff will also be aware that children may experience mental health difficulties, self-harm, suicidal thoughts (suicidal ideation) and increased suicide risk, which may require an immediate safeguarding response.

4.12.3 Staff will not attempt to make a diagnosis of a mental health condition unless they are appropriately qualified or trained to do so. However, all staff have a responsibility to identify concerns, respond appropriately and follow the school's safeguarding procedures.

4.12.4 We recognise that staff are well placed to observe changes in a child's behaviour, presentation, emotional state and relationships which may indicate that they are experiencing mental health difficulties or are at risk of developing them. Staff should be particularly alert to signs which may indicate self-harm, suicidal ideation or suicide risk. These may include, but are not limited to:

- Talking about wanting to die, feeling hopeless or having no reason to live.
- Expressing feelings of being trapped, worthless, isolated or a burden to others.
- Self-harming behaviours or evidence of self-injury.
- Significant changes in mood, behaviour, attendance, engagement or academic performance.
- Withdrawal from friends, family or activities previously enjoyed.
- Increased risk-taking or reckless behaviour.
- Changes in sleeping or eating patterns.
- Giving away possessions, saying goodbye to others or other behaviours that may indicate preparation for death.
- Persistent low mood, anxiety, distress or emotional dysregulation.
- Any disclosure relating to suicidal thoughts, plans or self-harming behaviours.

There are clear systems and processes in place for identifying, monitoring and responding to mental health concerns. If staff have concerns about a child's mental health, wellbeing or safety, they should follow the school's procedures (Staff at St John Henry Newman will follow the process of recording concerns via CPOMs, whereby a member of the safeguarding team will pick up the concern and take the necessary actions).

4.12.5 Any concerns regarding self-harm, suicidal ideation, suicide risk or other mental health concerns that may place a child at risk of harm must be treated as a safeguarding concern. Staff must report such concerns to the Designated Safeguarding Lead (DSL) or Deputy DSL immediately. Where a child is at immediate risk of serious harm, staff must follow the school's emergency safeguarding procedures without delay.

4.12.6 The school recognises that early identification and intervention are important in supporting children experiencing mental health difficulties. The DSL (and any relevant pastoral, wellbeing or mental health lead) will consider appropriate support, referral pathways and multi-agency involvement, including health professionals and specialist mental health services where required.

4.12.7 St John Henry Newman places a high level of importance on promoting positive mental health and well-being. Assistant Headteacher – Sarah Scanlon – is the school's Senior Mental Health Lead.

4.12.8 Further information, guidance and advice regarding mental health, self-harm, suicidal ideation and suicide prevention can be found in Keeping Children Safe in Education 2026 and via Coventry Mind ([Home - CWWMind](#))

4.13 Children who are Lesbian, Gay, Bi (LGBTQA+) or may be gender questioning children

4.13.1 The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

4.13.2 In line with updated **Keeping Children Safe In Education (2026)** guidance, it is important to consider the Cass review, which highlighted the need for a careful and evidence-informed approach to supporting children questioning their gender and recognised that some may present with wider vulnerabilities, including having complex mental health and psychosocial needs, and in some cases additional diagnoses of autism spectrum disorder and/or attention deficit hyperactivity disorder.

4.13.3 It is recommended that when families/carers are making decisions about support for gender questioning children, they should be encouraged to seek clinical help and advice. When parents are supporting pre-pubertal children, clinical services should ensure that they can be seen as early as possible by a clinical professional with relevant experience.

4.13.4 As such, when supporting a gender questioning child, schools should take a cautious approach and consider the broad range of their individual needs, in partnership with the child's parents (other than in the exceptionally rare circumstances where involving parents would constitute a significant risk of harm to the child), including any clinical advice that is available and how to address wider vulnerabilities such as the risk of bullying. Any decision should be made with the child's best interests as the primary consideration whilst also considering the impact on other children where relevant. Schools should have regard to KCSIE and any local authority guidance relating to gender-questioning children when deciding how to proceed

4.13.5 Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced and provide a safe space for them to speak out or share their concerns with members of staff. The Designated Safeguarding Lead should be involved in any decision-making relating to support for a gender-questioning child.

4.13.6 Requests relating to social transition should be considered carefully and, on a case, - by-case basis, taking account of safeguarding, wellbeing, parental involvement, available clinical advice and the child's wider needs.

4.13.7 Schools should clearly record decisions, the rationale for those decisions and any agreed support arrangements, and review these regularly.

4.13.7 LGBT inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse.

4.14 Young Carers

4.14.1 St John Henry Newman Catholic School recognises that young carers may face additional safeguarding and welfare needs. Caring responsibilities can have a significant impact on a child's attendance, achievement, behaviour and emotional wellbeing.

4.14.2 Staff should be aware that some children may have caring responsibilities which can impact on their attendance, attainment, behaviour and wellbeing. Any concerns that a pupil may be undertaking a caring role, or that their caring responsibilities are affecting their welfare, should be shared with the Designated Safeguarding Lead (DSL). The school will seek to identify young carers at an early stage and ensure they receive appropriate support, including referrals to external services where required.

4.15 Children with Special Educational Needs and Disabilities (SEND) and Medical Needs

Children with SEND and those with medical or physical health conditions can face additional safeguarding challenges. Staff should be aware that abuse, neglect or exploitation may be harder to recognise in these children and should not assume that changes in behaviour, presentation, mood or injuries are related to a child's disability, special educational need or health condition without further consideration.

Additional safeguarding barriers may include:

- communication difficulties that affect a child's ability to report concerns or seek help;
- increased vulnerability to bullying, peer isolation and exploitation;
- greater dependence on adults for care and support;
- the need for intimate or personal care;
- difficulties understanding relationships, consent, appropriate behaviour or online risks.

Any safeguarding concerns relating to a child with SEND or additional medical needs must be discussed with the DSL (or deputy DSL), with appropriate liaison with the SENCO as required. The school will consider whether additional pastoral, communication or safeguarding support is needed to help these children stay safe.

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children's Services where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to Children's Services or to the police, they should inform the DSL as soon as possible.

5.3 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;

- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures/allegations of abuse that children have shared.

5.4 There will be occasions where a child discloses/alleges abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have had a discussion with the DSL prior to this but delay should be avoided.

5.5 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure recording a clear rationale. The DSL may consider the following options;

- Managing support for the child internally within school;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for consideration for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if the school is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but the school believes that a child is at significant risk of harm, a referral will still be made to Children's Services.

5.6 For further information about the Coventry Safeguarding Children Partnership's "Effective support for Children and Families in Coventry" guidance, which is used by the school to make decisions about protecting children, please visit [effective-support-for-children-families](#).

5.7 See page 22 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, **September 2026**).

5.8 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL first, but the legislation requires regulated health and Children's Service professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.

If you believe a child is at risk of FGM, a referral to the MASH is also required.

5.9 St John Henry Newman Catholic School have a duty to refer any children who are living in a private fostering arrangement to the local authority. Private fostering is when a child under the age of 16 (or under 18 if disabled) is cared for by someone who is not their parent or a close relative. This is a private arrangement made between a parent and a carer, expected to last 28 days or more, or the school are aware the 28 days has been exceeded.

5.10 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have “due regard” to the need to prevent people from being drawn into terrorism. See Appendix B for further information on the school’s Prevent duty.

5.11 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

5.12 Child on Child Abuse

5.12.1 St John Henry Newman Catholic School understands that both adults and other children can perpetrate abuse, and can happen inside and outside of school, online or face to face. Child on Child abuse is taken very seriously and can include bullying (including cyber-bullying, prejudice-based and discriminatory bullying), abuse in intimate personal relationships between children, physical abuse, sharing of consensual and non-consensual sharing of self-generated intimate images and/or videos, including AI-generated imagery such as deepfakes, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. The school recognise that safeguarding issues can manifest as child-on-child abuse. Please see the school’s behaviour policy [St John Henry Newman Catholic School - School Policies](#)

5.12.2 All members of staff will be made aware of the school’s policy and procedures with regards to child-on-child abuse. Staff will receive safeguarding training that includes recognising, responding to, recording and reporting child-on-child abuse. The school will ensure staff understand what is meant by child-on-child abuse and the school policy on child-on-child abuse by **Friday 4th September 2026**.

5.12.3 The school will work to prevent child on child abuse by ensuring that staff and students are aware of the importance of challenging inappropriate behaviours; making it clear it is never accepted, tolerated and is not a part of growing up or banter. The school will apply the Behaviour Policy wherever relevant. The school’s PSHE curriculum and Pastoral Programme serves to educate the students in a preventative manner.

5.12.4 Although it is recognised that if there are no reported cases, such abuse may still be taking place. If an allegation of child-on-child abuse is made, St John Henry Newman Catholic School will investigate this. The process will follow the recognised anti-bullying process, whereby information is gathered and pastoral members of staff build the picture of what has happened. Senior leaders within the pastoral and behaviour teams, will then make a decision on the information gathered, apply the sanctions outlined in the behaviour policy and engage families to ensure that they are well informed of what has happened.

5.12.5 The school recognises that child-on-child abuse may indicate the alleged perpetrator requires support, intervention or safeguarding assessment. If an allegation of child-on-child abuse is made, victims, alleged perpetrators and any other children affected will be supported by a range of pastoral interventions, restorative processes as outlined in the behaviour for learning policy and referral to the Children and families initial response team (and where appropriate other agencies) will be considered.

5.12.6 St John Henry Newman Catholic School will never pass off child on child abuse as ‘banter’, ‘having a laugh’, ‘part of growing up’ or other such termination that does not recognise the harm caused. This should be a Zero-tolerance approach as this could lead to a culture of

unacceptable behaviours. It is recognised with this, that all child-on-child abuse is unacceptable and will be taken seriously.

5.12.7 The school will adhere to guidance set out in Keeping Children Safe in Education (2026) when responding to incidents of child-on-child abuse. Children will be provided with clear, accessible and promoted routes to report concerns and abuse.

5.12.8 All staff will be made aware that 'upskirting' is a criminal offence.

5.12.9 The school recognises that child-on-child abuse is preventable and will use early identification and evidence-based intervention to reduce the risk of abuse occurring. Inline with KCSIE guidance the school will take appropriate action to increase vigilance during times considered higher risk

5.13 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

5.13.1 Both CCE and CSE are forms of abuse that occur when an individual or group take advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator through violence or threat of violence. CCE and CSE can affect both males and females and can include children that have been moved for the purpose of exploitation (trafficking).

5.13.2 CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing, vehicle crime, threatening violence on others or even carrying weapons.

5.13.3 The school is responsible for recognising children involved in CCE are victims of exploitation and should be recognised as such due to the harm they have experienced, staff are required to be aware that it is not possible for a child to give informed consent to engage in criminal or other exploitative activity and that a child cannot consent to their own exploitation.

5.13.4 CSE is a form of child sexual abuse including physical contact and non-contact online activities including the internet or by phone. This can happen over time or as a one off and may happen without the child recognising this as abuse or harmful.

5.13.5 The school recognises that children of the age of 16 and 17 who can legally consent to a sexual relationship may also be the victims of CSE but may not recognise this.

5.13.6 The school understands children can be at risk of, or involved in, serious violent crime. This can result in an increase absence from school or college, a change in friendships, decline in educational attainment, significant change in wellbeing, or signs of unexplained injuries.

5.14 Sharing of consensual or non-consensual nude and semi-nude images or videos

5.14.1 "Sharing of consensual or non-consensual nude and semi-nude images or videos including those generated using AI." refers to any sharing of self-generated intimate images and/or videos of between children. This includes;

- A person under the age of 18 creating and sharing self-generated intimate images and/or videos of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.14.2 The school has a responsibility to educate children in the risks relating to 'sharing consensual or non-consensual nude images or videos' and how to keep themselves safe online. Please see the PSHE policy and Online Safety Policy found here: [St John Henry Newman Catholic School - School Policies](#)

5.14.3 Any incidents or suspected incidents of 'sharing consensual or non-consensual nude images or videos including those generated using AI' should be reported to the DSL without delay.

5.14.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Referrals to the Children's and families initial response team in regard to all parties involved (also the police if an urgent response required);
- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, (Current July 2022)';
- Support for young people involved to prevent reoccurrence;
- Sanctions in accordance with the behaviour policy;

5.14.5 Any incidents of 'sharing consensual or non-consensual nude images or videos including those generated using AI' involving the following will result in a Request for support referral and sometimes a Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.14.6 Staff should not view, copy, print, share or forward images or videos of this nature. Any concerns should be referred immediately to the Designated Safeguarding Lead. Devices will be secured where appropriate, and the Designated Safeguarding Lead will determine the next course of action in accordance with current UKCIS, DfE and safeguarding guidance.

5.14.7 We will work with parents as necessary if their child is involved in the sharing of consensual or non-consensual nude images or videos.

5.14.8 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children who share, receive or are affected by self-generated intimate images and/or videos will be supported appropriately and in a non-judgemental manner. Children will always be supported to retrieve and delete the images.

5.15 Domestic Abuse

5.15.1 Domestic abuse can be a single incident or a pattern of incidents. It can also include psychological, physical, sexual, financial or emotional acts of abuse.

5.15.2 The school recognises that children can be a victim of Domestic Abuse by seeing, hearing or experiencing the effects or suffering domestic abuse in their own personal relationships. These all have a detrimental impact on children's health, well-being, development and ability to learn.

5.16 Searching, Screening and Confiscation

5.16.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in the school.

5.16.2 The school adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2022).

5.16.3 The school has a Searching, Screening and Confiscation Policy, which can be found here: [St John Henry Newman Catholic School - School Policies](#). The Behaviour for learning policy also references Searching, Screening and Confiscation.

5.17 Online Safety

5.17.1 The school recognises that in today's world, children need to be safeguarded from potentially harmful and inappropriate online material with many children having unlimited and unrestricted access to the internet via their mobile phone. The breadth of issues can be categorised currently into four areas of risk as taken from **Keeping Children Safe in Education 2026**:

- Content – being exposed to illegal, inappropriate, or harmful content (pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, extremism, misinformation, disinformation (including fake news) and conspiracy theories.)
- Contact – being subject to harmful online interaction with other users (peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit)
- Conduct – online behaviour that increases the likelihood of, or causes, harm (making, sending and receiving explicit images)
- Commerce – risks such as online gambling, inappropriate advertising, phishing and or financial scams

5.17.2 The school understand that the above can take place on a students phone or smart device (including smart watches, **smart glasses** and **'air tags'**) whilst at school/college or elsewhere. The school have responded to this by having a whole school approach to online safety which aims to protect and educate students, parents and staff in their use of technology

5.17.3 The school has also established mechanisms to identify, intervene in and escalate any concerns highlighted through our filter and monitoring systems for both staff and students. The effectiveness of this is regularly reviewed with staff aware of how to escalate concerns. The school uses the SmoothWall software to filter and monitor all devices on the school network. These facilities operate on devices when they are taken home by students. The facility allows for keyboard captures and screen captures of what is trying to be accessed. Students with higher levels of vulnerability are also pre-flagged within the system to ensure that any safeguarding concerns are identified immediately under the notification of 'vulnerable user'. The safeguarding, ICT and senior leadership teams receive the notifications from Smoothwall and a decision is made regarding the next steps.

5.18 Serious violence

5.18.1 Staff will be alert to indicators that a child may be at risk of or involved in serious violence and will report concerns immediately to the Designated Safeguarding Lead (DSL) or Deputy DSL.

5.18.2 Any concerns regarding a child carrying, using, or expressing an intention to use a weapon will be treated seriously and reported without delay. The DSL will assess risk and take appropriate action, including referrals to external agencies where required.

5.18.3 The school recognises that children involved in serious violence may also be victims of abuse, exploitation or other safeguarding concerns and will ensure appropriate support is provided.

Flowchart 1: actions taken by a school or college when there are concerns about a child

5.18.4 To raise concerns about children, members of staff should contact the Coventry's children's and family initial response service by telephone to discuss the referral. They should then complete the online Request for support form" and submit this, The school will follow up referrals if we do not receive feedback from Children's Services to ascertain the outcome of all referrals.

The Children and Family Initial Response Service telephone number: 02476 788 555

Out of hours Emergency Duty Team: 02476 832 222

Prevent/Channel Referrals: Refer to the Children and Family Initial Response Service (InitialResponseService@coventry.gov.uk) and to CTU_GATEWAY@west-midlands.pnn.police.uk

5.18.1 If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the [Coventry Safeguarding Children Partnership's Managing Professional Disagreements policy](#) to ensure that our concerns have been addressed and that the situation improves for the child.

6 Record-keeping

6.1 All concerns, discussions and decision made will be recorded in writing and kept confidential and stored securely. Records will be clear, comprehensive, actioned and outcome noted.

6.2 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.3 St John Henry Newman Catholic School keeps all safeguarding files electronically, using a system called Child Protection Online Management System (**CPOMS**)

6.4 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.5 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file in a timely manner (within 5 days for in-year transfers). Once received by the new school, this school will not retain the information.

6.6 The school will seek to hold at least two emergency contacts for every child.

6.7 All personal information processed by St John Henry Newman Catholic School will be managed in accordance with applicable data protection laws, including the Data Protection Act 2018, the UK General Data Protection Regulation (UK GDPR) and the Data (Use and Access) Act 2025.

St John Henry Newman Catholic School recognises that data protection laws do not prevent the sharing of information for the purposes of keeping children safe and promoting their welfare. Where appropriate, information will be shared with relevant agencies and professionals to safeguard and promote the welfare of children. Please see the following policies for additional information; [St John Henry Newman Catholic School - School Policies](#)

6.8 Further information regarding information sharing and data protection in relation to safeguarding can be found within Keeping Children Safe in Education and Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers.

7 Photography and Images

7.1 Consent from parents to photograph children at school events for promotional reasons will be sought when the child joins the school.

7.2 Parents can withdraw consent at any time and must notify the school if they do not wish their child's photographs to be used.

7.3 Photographs of children used publicly will not be displayed with their name or other identifiable personal information.

7.4 Photographs of children will be processed in line with the General Data Protection Regulation.

8 Family Help Assessment

8.1 St John Henry Newman Catholic School is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. St John Henry Newman Catholic School is committed to working closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

Pathways Family Hub: Radford Primary School, Lawrence Saunders Road, Radford, Coventry, CV6 1HD, 02476978130.

8.2 Any child may benefit from Family Help, but as guided by **KCSIE (2026)** all school and college staff will be particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, Health and Care plan)
- has a mental health need
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
- is frequently missing/goes missing from education, home or care
- has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit.
- is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
- is at risk of being radicalised or exploited • has a parent or carer in custody, or is affected by parental offending
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse

8.3 St John Henry Newman Catholic School works within the Coventry Safeguarding Children Partnership's [effective-support-for-children-and-young-people](#) framework, available on the CSCP website.

9 Staff training

9.1 In order for staff to be able to understand and discharge their safeguarding and child protection duties, St John Henry Newman Catholic School has committed to training staff throughout the academic year. All staff members will be made aware of the school's safeguarding processes and structures and will receive training on these as part of their induction. As part of this training and their annual refresher, they will also receive;

- This 'Safeguarding and Child Protection Policy';
- The staff Code of Conduct
- Copies of Part 1 of Keeping Children Safe in Education (**September 2026**)
- School procedures for Children Absent from Education
- The school Behaviour Policy

9.2 Staff at St John Henry Newman Catholic School will;

Receive the following training throughout the year:

- Mental Health and Well-being training
- Behaviour training
- Attendance training
- Anti-bullying training
- Periodic refresher training on specific issues
- Prevent training
- Specific training aligned to the PSHE and Pastoral Curriculum (including drop down events)

9.3 St John Henry Newman Catholic School recognise that children may engage in risky behaviours that may put them at additional risk of danger. These can include drug taking, alcohol abuse, truanting and the sharing of consensual or non-consensual nude images or videos. Staff will also be trained in these areas to be able to further recognise if a child is at risk of harm.

9.4 All staff are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication.

10 Safer Recruitment

10.1 St John Henry Newman Catholic School is committed to providing children with a safe environment, in which they can learn. We take safer recruitment seriously and all staff are subject to the following checks;

- Identity check;
- DBS clearance;
- Prohibition from teaching checks (where required);
- Barred List check;
- Section 128 checks (as required - leadership and management);
- Reference check (two references required);
- Professional qualifications check ;
- Right to work in the UK check;
- Further checks for those who have lived outside the UK;
- Disqualification Under the Childcare Act 2006 checks (as required);
- online search on shortlisted candidates as part of its due diligence checks; and
- A health declaration and any necessary occupational health checks will be undertaken in accordance with the Equality Act 2010

10.2 A record of all checks completed for members of staff will be recorded on the Single Central Record.

10.3 All new members of staff will be required to obtain DBS clearance. The school reserves the right to re-check DBS clearance for any member of staff where information is received that indicates they may pose a risk to children and may request candidates to register on the DBS update service.

10.4 At least one member of every interview panel will have undertaken Safer Recruitment training which it is recommended is refreshed every 2 years.

10.5 We take proportionate decisions on whether to check individuals above and beyond what is legally required dependant on individual circumstance.

10.6 Any visitor to the school who has not been subject to the necessary checks will be supervised at all times and a risk assessment completed.

10.7 All safer recruitment practices at St John Henry Newman Catholic School comply with Keeping Children Safe in Education (**September 2026**). See Part 3 of Keeping Children Safe in Education (**September 2026**) for further information.

11 Allegations of abuse against staff

11.1 St John Henry Newman Catholic School takes all safeguarding matters including low level concerns and/or allegations that harm to a child has occurred against staff (including trainee teachers, agency, volunteers and contractors) seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (**September 2026**) and the CSCP Guidance, ['Allegations Against Staff and Volunteers'](#).

11.2 Allegations or concerns may include

- Staff having behaved in a way that has harmed a child, or may have harmed a child;
- Staff possibly committing a criminal offence against or related to a child;
- Staff behaving towards a child or children in a way that indicates that he or she may pose a risk of harm to children; or
- Staff behaving or possibly behaving in a way that indicates they may not be suitable to work with children (including behaviour outside of work). This is known as 'Transferable risk'.

11.3 If a concern or allegation of abuse arises against a member of the Local Governing Body, Board of Directors or MAC Central Team, it must be immediately reported to the CEO (Marina Kelly).

11.4 If a concern or allegation of abuse arises against the Chief Executive Officer or Chair of the Board of Directors, it must be immediately reported directly to the Lado

11.5 If a concern or allegation of abuse arises against the Headteacher, or should there be a conflict of interest to the Headteacher, it must be immediately reported to the Chair of Governors, Owen Healey and Chief Executive Officer (CEO) Marina Kelly.

11.6 If a concern or allegation of abuse arises against any member of staff, supply teacher, volunteer or contractor other than the Headteacher, it must be reported to the Headteacher without delay, who will report it to the Chief Executive officer.

11.7 Concerns or allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.8 The Headteacher or Chair of Governors should consider if the concern or allegation meets the harms threshold as outlined in Working Together to Safeguard Children (2026) guidance indicating that a person in a Position of Trust has:

- behaved in a way that has harmed a child, or may have harmed a child
- possibly committed a criminal offence against or related to a child
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

11.9 If they feel the criteria is met then they should refer into Coventry LADO using the online referral form on:

The Headteacher or Chair of Governors can also seek guidance/advice if unsure by emailing lado@coventry.gov.uk.

11.10 'Low-level' concern does not mean it is not significant. This is a term used for any concern (no matter how small) that an adult working with a child may have breached the staff Code of Conduct and does not meet the harm threshold. Examples of which may include:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door. Or;
- Humiliating pupils.

The details of the LADO can be found at the front of this policy.

11.11 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours. In accordance with *Keeping Children Safe in Education 2026*, the school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

11.12 If a child has suffered or may have suffered abuse or harm, a request for support form referral will also be made.

11.13 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to the school in managing the allegation.

11.14 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns, irrespective of whether they have resigned.

11.15 Supply Teachers and all contracted staff

11.15.1 Although the school does not directly employ supply teachers and contractors, the school will ensure that any concerns or allegations are referred to LADO and the relevant agency informed as the employer.

11.15.2 The school will never cease to use a supply teacher for safeguarding reasons without liaising with the Local Authority Designated Officer and reaching an agreed outcome.

11.15.3 Governing bodies/proprietors will liaise with the supply agency to determine whether to suspend or redeploy the supply teacher whilst they carry out their investigation.

11.15.4 The school will inform supply agencies of its process for managing allegations, including inviting the agency's human resource manager (or equivalent) to meetings and regularly updating agencies on relevant school policies. The school will usually take the lead because agencies do not have direct contact with children or staff, so will not be able to gather information.

11.16. Governors

11.16.1 If an allegation or concern is about a Governor, the school will follow local procedures.

11.17. Volunteers

11.17.1 Risk assessments and a DBS check will be requested for all volunteers. Under no circumstances will a volunteer prior to satisfactory checks being completed be alone with children unsupervised or allowed to work in regulated activity.

11.18. Whistleblowing

11.18.1 St John Henry Newman Catholic School operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or the school's safeguarding processes to the senior leadership team.

11.18.2 Appropriate whistleblowing procedures are in place whereby the senior leadership team will take all concerns seriously.

11.18.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

11.19. Complaints Procedure

11.19.1 The School operates a complaint procedure which will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a pupil or attempting to humiliate them, bullying or belittling a pupil or discriminating against them in some way. Complaints are managed by the headteacher, other members of the senior leadership team and governors. The complaints policy can be found here: [St John Henry Newman Catholic School - School Policies](#)

11.19.2 Complaints from staff are dealt with under the school's complaints and disciplinary and grievance procedures. (Also refer to Low level concerns)

11.19.3 Complaints which escalate into a child protection concern will automatically be managed under the school's child protection procedures.

12 Promoting safeguarding and welfare in the curriculum

12.1 St John Henry Newman Catholic School recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

12.2 The school will teach children about safeguarding, including online safety through the Computer Science Curriculum and as part of the school's PSHE curriculum.

12.3 Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment. The school/college will have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life. These will be underpinned by the school/college's behaviour policy and pastoral support system, as well as by a planned programme of evidence based RSHE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum (RSHE)

12.4 Children at St John Henry Newman Catholic School will receive the following as part of our promotion of safeguarding across the curriculum:

- safeguarding specific themes woven through the pastoral programme across the school year focusing on safeguarding trends and online safety issues.
- PSHE and RSE Pastoral Curriculum
- Talks and support from external providers, notably Coventry Mind, Cyrenians, Loudmouth, West Midlands Police, Ten Ten and CRASSAC etc.

12.5 Education at home and remote education

St John Henry Newman Catholic School continues to operate under this Child Protection and Safeguarding policy and KCSIE when children are learning at home or at school. In any circumstances that require an individual child or cohort to be educated from home/use remote education the Designated Safeguarding Lead will identify 'vulnerable' pupils (pupils who are deemed to be vulnerable or are at risk of harm) via risk assessment prior to the period of remote education.

The Designated Safeguarding Lead/SENCo will arrange for regular contact to be made with vulnerable pupils, prior to the period of remote education, where possible. Phone calls made to vulnerable pupils will be made using school phones, where possible.

The Designated Safeguarding Lead will arrange for regular contact with vulnerable pupils once per week at minimum, with additional contact, including home visits, arranged where required. All contact with vulnerable pupils will be recorded and suitably stored.

The Designated Safeguarding Lead (or Deputy) will keep in contact with vulnerable pupils' social workers or other care professionals during the period of remote education, as required. All home visits must:

- Have at least one suitably trained individual present;
- Be undertaken by no fewer than two colleagues;
- Be suitably recorded so the Designated Safeguarding Lead has access to them;
- Actively involve the pupil.

Vulnerable pupils will be provided with a means of contacting the Designated Safeguarding Lead, their deputy, or any other relevant colleague – this arrangement will be set up by the Designated Safeguarding Lead prior to the period of remote education.

The Designated Safeguarding Lead will meet (in person or remotely) with the colleagues once per fortnight to discuss new and current safeguarding arrangements for vulnerable pupils learning remotely. All colleagues will report any safeguarding concerns to the Designated Safeguarding Lead immediately. Pupils and their parents will be encouraged to contact the Designated Safeguarding Lead if they wish to report safeguarding concerns, e.g. regarding harmful or upsetting content or incidents of online bullying. The school will also signpost families to the practical support that is available for reporting these concerns.

13 Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. St John Henry Newman Catholic School recognises that children looked after may have additional vulnerabilities by virtue of this. The Designated Lead for Looked-After and Previously Looked-After Children is Kelly Perkins (Senior Assistant Headteacher)

13.2 Staff will receive training on how to best safeguard children who are Looked-After and who have been Previously Looked-After.

13.3 The school will work with Personal Advisors when children leave care (where applicable).

13.4 St John Henry Newman Catholic School is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14 Children with Special Educational Needs and Disabilities (SEND) or physical health needs

14.1 As outlined in **Keeping Children Safe in Education (2026)**, St John Henry Newman Catholic School is aware that children with additional needs or disabilities may be more vulnerable to abuse both online and offline and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children;
- the potential for children with SEN and disabilities or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.
- Being unable to understand the difference between fact and fiction in online content

14.2 Any reports of abuse involving children with SEND will therefore require close liaison with the designated safeguarding lead and SENCO. Staff will also be trained in recognising signs of abuse in children with SEN and disabilities or certain medical conditions.

14.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

14.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15 Use of reasonable force and restrictive intervention

15.1 St John Henry Newman Catholic School will seek to avoid the use of restrictive interventions wherever possible. There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is proportionate, necessary and in the best interests of protecting pupils and/or others from harm.

15.2 There may be occasions when staff are required to use reasonable force to safeguard children, prevent injury, prevent serious damage to property or maintain good order and discipline. Any use of force will be lawful, reasonable, proportionate, necessary and for the minimum time required to achieve a legitimate aim. Staff will not use any more force than is necessary in the circumstances.

15.3 The school adopts Team Teach principles and staff receive appropriate training in behaviour support, de-escalation and, where required, positive handling strategies. De-escalation techniques will always be considered before any restrictive intervention is used unless there is an immediate risk of harm.

15.4 Particular consideration will be given to the needs of pupils with SEND, medical conditions or other vulnerabilities. Where appropriate, risk assessments and individual behaviour support plans will identify preventative strategies and agreed responses.

15.5 Any significant incident involving the use of reasonable force or other restrictive intervention will be recorded promptly in accordance with school procedures. Records will include the circumstances leading to the incident, de-escalation strategies used, the nature of the intervention, the outcome and any follow-up actions.

15.6 Parents/carers will be informed of significant incidents involving the use of force as soon as reasonably practicable, unless there are safeguarding reasons not to do so.

15.7 Further information can be found in the school Behaviour Policy, Physical Intervention/Positive Handling Policy and the DfE guidance *Use of Reasonable Force and Other Restrictive Interventions in Schools (2026)*. The policy relating to Physical Interventions can be found here: [St John Henry Newman Catholic School - School Policies](#)

16 Work Experience/ Alternative Provision

16.1 The School will continue to be responsible for the safeguarding of Students placed with an alternative provision provider or work experience will be satisfied that this provider meets the needs of the pupil. Written confirmation from the provider that appropriate safeguarding checks have been carried out will be sought on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff.

16.2 The DSL will continue to have oversight of all pupils accessing any part of their learning from an alternative provider or delivery online or offsite provided by any organisation or individual not employed by the school. The DSL will ensure that robust arrangements are in place for timely and effective information sharing of safeguarding information between the school and alternative/external providers.

16.3 The DSL will also take responsibility for ensuring that robust procedures are in place to confirm attendance and to enable the swift reporting of non-attendance and children going missing from alternative/ external providers at any time when they should be with that provider.

17 Use of School Premises for non-school activities

The School may hire or rent out school or college facilities/premises to organisations or individuals. Safeguarding is still considered with this and the school will seek assurance that the provider has appropriate safeguarding and child protection policies and procedures in place including liaising directly with the school on these matters where appropriate. This applies whether the children in attendance are on the school's roll or not.

The governing body/proprietor will ensure safeguarding requirements are included in any transfer of control agreement and that failure to comply with this would result in termination of the agreement. Keeping children safe in out-of-school settings offers guidance on this. In the event of an incident, the school will follow its own policy including informing the LADO.

18 Children staying with host families

18.1 St John Henry Newman Catholic School recognises its responsibility to safeguard children who stay with host families as part of exchange visits, educational visits or other school-arranged activities.

18.2 Where the school arranges host family accommodation, appropriate suitability and safeguarding checks will be undertaken in line with KCSIE requirements. Any safeguarding concerns identified before, during or after the placement will be managed.

18.3 Where arrangements meet the definition of private fostering, the school will notify the relevant local authority and work with partner agencies to promote the child's welfare and safety.

19 Boarding schools and Residential settings

19.1 St John Henry Newman Newman Catholic School recognises that children living in boarding or residential settings require robust safeguarding arrangements to ensure their safety, welfare and wellbeing.

19.2 Safeguarding procedures apply throughout the residential day and night. Staff will receive appropriate safeguarding training, maintain professional boundaries and follow established reporting procedures for all concerns, allegations and incidents of child-on-child abuse

19.3 The Designated Safeguarding Lead will work closely with residential leaders and relevant agencies to ensure safeguarding concerns are identified, shared and responded to promptly, using a child-centred approach

20 Summary

20.1 St John Henry Newman Catholic School is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any queries about this policy, please contact the school.

Appendix B – Further Safeguarding Information

Types of Abuse

As outlined in paragraph 4.4, the school will take action if we believe a child is at risk of or is suffering from abuse. Abuse is not limited to physical, emotional, sexual abuse and neglect. For further information on the definitions of the types of abuse below, please refer to **Keeping Children Safe in Education (2026), Annex A**.

See below for policy information relating to other key safeguarding issues. All decisions taken in responding to concerns of abuse will be taken in the best interests of the child.

Bullying, including cyber- or online-bullying

St John Henry Newman Catholic School takes all forms of bullying seriously and will respond sensitively and quickly to any reported bullying. Children should report any bullying to their form tutor, to the DSL or to any trusted member of staff and we will work to resolve it.

We also teach children about the dangers of bullying through our PSHE curriculum via Anti Bullying week events and pastoral sessions and assemblies.

Bullying can take many forms and we have several policies that cover different aspects of bullying. Please see the Anti-Bullying Policy, the Behaviour Policy for further information.

Dealing with bullying for both victim and perpetrator takes a supportive, restorative justice and punitive approach depending on each situation. There may sometimes be misunderstanding about the meaning of the term 'bullying'. One-off incidents, whilst they may be very serious and must always be dealt with, do not fall within the definition of 'bullying'

Child criminal exploitation (including involvement in county lines)

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years; can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults;
- and is typified by some form of power imbalance in favour of those perpetrating the exploitation.

Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources. In the event of any concerns about any of our young people initially St John Henry Newman Catholic School will make referrals through usual safeguarding procedures via CPOMs and notifying the DSL.

Domestic abuse

The cross-government definition of domestic violence and abuse is: Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those

aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological
- physical
- sexual
- financial
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life. Advice on identifying children who are affected by domestic abuse and how they can be helped is available at:

- NSPCC - UK domestic-abuse signs symptoms effects
- Refuge what is domestic violence/effects of domestic violence on children
- Safe young lives: young people and domestic abuse.

St John Henry Newman Catholic School is alerted to all domestic violence incidents via Operation encompass notifications. These alerts are emailed directly to the Designated Safeguarding Lead and Deputy Safeguarding Lead within 24 hours of a DV incident. Students involved are met with to check for welfare and offered support. All interventions and ongoing support are monitored and logged on CPOMS.

Fabricated or induced illness

Fabricated or induced illness (FII) is a rare form of child abuse. It occurs when a parent or Carer, usually the child's biological mother, exaggerates or deliberately causes symptoms of illness in the child. FII is also known as "Munchausen's syndrome by proxy" (not to be confused with Munchausen's syndrome, where a person pretends to be ill or causes illness or injury to themselves).

Signs of fabricated or induced illness:

FII covers a wide range of symptoms and behaviours involving parents seeking healthcare for a child. This ranges from extreme neglect (failing to seek medical care) to induced illness.

Behaviours in FII include a mother or other Carer who:

- persuades healthcare professionals that their child is ill when they're perfectly healthy
- exaggerates or lies about their child's symptoms
- manipulates test results to suggest the presence of illness – for example, by putting glucose in urine samples to suggest the child has diabetes
- deliberately induces symptoms of illness – for example, by poisoning her child with unnecessary medication or other substances

Faith-based abuse

So-called 'honour-based' violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

Actions:

If staff have a concern regarding a child that might be at risk of HBV or who has suffered from HBV, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi agency liaison with police and children's social care.

Female genital mutilation (A form of so-called 'honour-based' abuse)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences. FGM mandatory reporting duty for teachers Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions.

It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: Mandatory reporting of female genital mutilation procedural information.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school or college's designated safeguarding lead (or deputy) and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

An FGM Fact Sheet can be found at:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/496415/6_1639_HO_SP_FGM_mandatory_reporting_Fact_sheet_Web.pdf

Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England). 14 Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case

Forced marriage (A form of so-called 'honour-based' abuse)

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published statutory guidance and Multi-agency guidelines, with pages 35-36 of which focus on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fmf@fco.gov.uk.

Gangs or youth violence

Young people can be vulnerable to the community or 'family feel' of a gang. Once a child has become involved in a gang or regular youth violence it can be extremely difficult to extricate themselves. Students can show signs of this through becoming increasingly withdrawn or more vocally aggressive in school. Schools are vulnerable to recruitment. Warning signs include 'tagging' placed around school, or older students using younger students to carry out errands or carry items for them. Staff should always remain vigilant to any changes in the students' behaviour. Referrals to the MASH should be made with concerns. Equally use of family hubs and community police can support a child who is vulnerable.

As a school of faith, a Beacon School of Peace and an International Cross of Nails school we have a commitment to preventing youth violence. St John Henry Newman consistently demonstrates a partnership approach by engaging fully with and hosting many of the Coventry North West Police Panel meetings. Consequently, we are aware of emerging youth violence issues within the City. The Prevent officer attends all police panel meetings. All relative information sharing on gangs and youth crime is fed back to the headteacher and Designated Safeguarding Lead. If action is required it is delivered via the appropriate channels of one to one mentoring or during the tutor pastoral programme.

St John Henry Newman Catholic School is also allied to local resources which are available to present alternative pathways to any young person who may be on the periphery of gang related culture. Where concerns have been reported to school, further support can be provided by completing the CSE Screening Tool www.coventry.gov.uk/csescreeingtool Calling the CSE Team on 024 7678 39 8555 for advice and guidance. Or making a Referral to MASH Email: cse.horizon@coventry.gov.uk

Gender-based violence

Gender-based violence is violence against women based on women's subordinate status in society. It includes any act or threat by men or male dominated institutions that inflict physical, sexual, or psychological harm on a woman or girl because of their gender. In most cultures, traditional beliefs, norms and social institutions legitimize and therefore perpetuate violence against women. Gender-based violence includes physical, sexual and psychological violence such as domestic violence; sexual abuse, including rape and sexual abuse of children by family members; forced pregnancy; sexual slavery; traditional practices harmful to women, such as honour killings, burning or acid throwing, female genital mutilation, dowry- related violence; violence in armed conflict, such as murder and rape; and emotional abuse, such as coercion and abusive language.

Trafficking of women and girls for prostitution, forced marriage, sexual harassment and intimidation at work are additional examples of violence against women. Gender violence occurs in both the 'public' and 'private' spheres. Such violence not only occurs in the family and in the general community but is sometimes also perpetuated by the state through policies or the actions of agents of the state such as the police, military or immigration authorities. Gender-based violence happens in all societies, across all social classes, with women particularly at risk from men they know.

Staff should always remain vigilant to any changes in the students' behaviour and comments regarding gender-based violence. All concerns should be reported directly to the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead

Hate

A Hate crime or 'hate abuse' is any hate incident, which constitutes a criminal offence, perceived by the victim or any other person, as being motivated by prejudice or hate. A hate incident is any incident, which may or may not constitute a criminal offence, which is perceived by the victim or any other person, as being motivated by prejudice or hate. Forms of hate

abuse constitute any incident where a child or anyone else has been targeted because they are believed to be of a different:

- race
- religion / belief
- sexual orientation
- gender identity
- or have a disability.

Hate crimes are directed against people because of some aspect of who they are, most typically because they are from an ethnic minority or visible religious minority, or because of their sexuality. Hate crime covers a wide range of behaviour, for example verbal abuse, racist or homophobic graffiti or physical assault. A crime can be classed as a hate crime if the victim or witness see it as being so.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16- and 17-year olds could be living independently from their parents or guardians, for example through their exclusion from the family home and will require a different level of intervention and support.

Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16- and 17-year olds who may be homeless and/or require accommodation.

Radicalisation and Extremism

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach. Extremism is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends

may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet). However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised.

As with other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme. St John Henry Newman Catholic School has fully integrated the Prevent Duty and the promotion of British Values into its everyday mainstream safeguarding procedures.

See link: Prevent duty guidance - GOV.UK (www.gov.uk)

The school has a designated PREVENT Lead who works in partnership with the Coventry Prevent Team, WMCTU and other external Prevent related providers. We conduct regular risk assessments and monitor and evaluate them. We have a clear programme of staff training and student engagement and we take all appropriate measures to ensure we maintain a high level of online safety.

Radicalisation and extremism can take many forms and is reported in school in the same manner as any other safeguarding concern. Through our local partnerships we have clearly defined pathways which can lead to swift interventions being implemented and also, if necessary, Channel referrals (see below).

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty. The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the Revised Prevent duty guidance: for England and Wales, especially paragraphs 57-76 which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies. For additional support the department has published advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.

There is additional guidance: Prevent duty guidance: for further education institutions in England and Wales that applies to colleges. Educate Against Hate, a website launched by the Her Majesty's Government has been developed to support and equip school and college leaders, teachers, and parents with information, tools and resources (including on the promotion of fundamental British values) to help recognise and address extremism and radicalisation in young people. The platform provides information on and access to training resources for teachers, staff and school and college leaders, some of which are free such as Prevent e-learning, via the Prevent Training catalogue.

Channel

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. Channel guidance, and a Channel awareness e-learning programme is available for staff at Channel General Awareness. The school's Designated Safeguarding Lead (and any deputies) should be aware of local procedures for making a Channel referral. As a Channel partner, the school may be asked to attend a Channel panel to discuss the individual referred

to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required.

Relationship abuse

Relationship abuse is a pattern of abusive and coercive behaviours used to maintain power and control over a former or current partner. Abuse can be emotional, financial, sexual or physical and can include threats, isolation, and intimidation. Abuse tends to escalate over time. When someone uses abuse and violence against a partner, it is always part of a larger pattern of control.

Serious Violence

All St John Henry Newman Catholic School staff are aware of the indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include increased absence from school or college, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation. If a staff member has any concerns or a disclosure has been made regarding serious violence this should be recorded on CPOMS and reported to the DSL.

Sexual violence or sexual harassment (including child-on-child abuse)

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

- Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
- Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
- Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child-on-child sexual harassment.

Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names

- sexual “jokes” or taunting
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature.

Online sexual harassment, this may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:

- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media;
- sexual exploitation; coercion and threats the response to a report of sexual violence or sexual harassment
- Sexting (sending sexually explicit images or language via mobile phone or electronic device)

Upskirting

‘Upskirting’ typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence.

Sharing of consensual or non-consensual nude images and videos

“Sharing of consensual or non-consensual nude and semi-nude images or videos” refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

St John Henry Newman Catholic School has a responsibility to educate children in the risks relating to ‘sharing consensual or non-consensual nude images or videos’ and how to keep themselves safe online. The school Online Safety Policy and RSHE policy can be found on the website via the link: [St John Henry Newman Catholic School - School Policies](#)

Any incidents or suspected incidents of ‘sharing consensual or non-consensual nude images or videos’ should be reported to the DSL without delay.

Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Referrals to the MASH in regards to all parties involved (also the police if an urgent response required);
- Confiscation of mobile phones in line with guidance ‘Searching, Screening and Confiscation, (January 2018);
- Support for young people involved to prevent reoccurrence;
- Sanctions in accordance with the behaviour policy;

Any incidents of ‘sharing consensual or non-consensual nude images or videos’ involving the following will result in a MASH and sometimes a Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;

- Extreme, or violent content;
- Immediate risk of harm.

Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

We will work with parents as necessary if their child is involved in the sharing of consensual or non-consensual nude images or videos.

We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

Trafficking and modern slavery

Slavery did not end with abolition in the 19th century. Instead, it changed its forms and continues to harm people in every country in the world. Whether they are women forced into prostitution, men forced to work in agriculture or construction, children in sweatshops or girls forced to marry older men, their lives are controlled by their exploiters, they no longer have a free choice and they must do as they're told. They are in slavery.

Today slavery is less about people literally owning other people – although that still exists – but more about being exploited and completely controlled by someone else, without being able to leave.

Today there are an estimated 50 million people in slavery around the world. Someone is in slavery if they are: forced to work – through coercion, or mental or physical threat; owned or controlled by an 'employer', through mental or physical abuse or the threat of abuse; dehumanised, treated as a commodity or bought and sold as 'property'; physically constrained or have restrictions placed on their freedom of movement.

Children absent from education, home or care

The school will also take action to protect;

- Children **absent from** education
- Children missing from home or care

School Attendance Policy - Can be found using the link: [St John Henry Newman Catholic School - School Policies](#)

All Children, regardless of their circumstances are entitled to an efficient, full time education which is suitable to their age, ability, aptitude, and any special educational needs they may have. The Local Authority has a legal duty to identify (as far as it is possible to do so) the children living in Coventry & Warwickshire who are not receiving a suitable education.

Our duty at St John Henry Newman Catholic School is to monitor student's attendance to address it when it is poor and to refer irregular and unexplained absence to the Local Authority.

Safeguarding against children missing from education is outlined in our Attendance policy. Any absenteeism to school without a valid reason provided by parents is addressed through our first day call system. Pastoral Support Managers and our Attendance Officer ensure phone

calls are made to all parents/carers of children who are absent without a valid reason. Police reports are received regularly outlining if a child has been reported missing by parents. All reports are followed up by the pastoral team and Designated Safeguarding Lead where necessary.

Where a pupil has not returned to school for ten days after an authorised absence or is absent from school without authorisation for twenty consecutive school days, the pupil can be removed from the admission register. Before this happens St John Henry Newman Catholic School, in conjunction with the Local Authority, will make reasonable enquiries to establish the whereabouts of the child. This is in line with section 10 of the Children Act 2004, and our school's Attendance Policy that includes an appropriate person completing Home Visits to the address of the child, checking with relatives, neighbours, landlords - private or social housing providers – and other local stakeholders who are known to be involved with the family.

These interventions will be logged and recorded, should we have reason to believe a child is in immediate danger or at risk of harm, a referral will be made to children's social care (and the police if appropriate). Following these investigations and failing to locate the student, the student could be classified as a Child Missing Education, if this is the case St John Henry Newman Catholic School will complete a CME referral form and forward to the Local Authority attendance service.

Private Fostering

The school have a duty to refer any children who are living in a private fostering arrangement to the local authority.

We will do this through the Children and family initial response service referral process. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary care-givers for more than
