

### Human Vitae

**In this topic, you will** explore Catholic teaching on the sanctity of life and medical ethics, examining issues such as organ donation, IVF, fertility treatments, genetic engineering, cloning, vivisection, veganism, and how scientific developments raise important questions about human dignity and moral responsibility.

### Pacem en Terris

**In this topic, you will** explore Catholic teachings on peace, justice and global responsibility, examining war and conflict, pacifism, fair trade, prisoners of conscience, religious persecution, genocide, and whether society can build hope, protect human dignity, and promote the common good.

### Church and Human Rights

**In this topic, you will** explore Catholic teachings on human dignity, human rights, justice and peace, examining issues such as crime, punishment, modern slavery, care for creation, solidarity, and the responsibility of individuals and society to protect the dignity of all people.
